'Cherish and nurture, flourish and aspire'

Positive Behaviour for Learning Policy

This policy should be taken as part of the overall strategy of Wrington C of E Primary School and operated within the context of our vision, values and aims as a Church of England School.

1. Rationale:

A nurturing and compassionate ethos lies at the heart of our school in which all members of our community feel secure, respected, motivated, confident and cared for. Positive relationships are a cornerstone of the life of the school and children are encouraged to take responsibility for their own behaviour.

High standards of behaviour and social skills are both modeled and taught as a fundamental part of the school curriculum. Effective teaching and learning is necessary to promote high standards of behaviour.
