

At Wrington C of E Primary School we believe that every child deserves the best possible start within the Early Years. We ensure that the children feel safe, secure and happy in order to lay the foundations for good progress through school and life.

We aim to...

* Form a positive relationship with the children in our care through visits to their Pre-school/ Nursery/Child minder before starting school, inviting the children into school with their parents for induction activities, attending the Christmas production at the local pre-school and sharing our news and achievements within the class.

* Form a partnership with parents and carers through a structured induction process, regular parent- teacher meetings, workshops, volunteers within the class and having an open door policy.

*provide a stimulating environment where children can explore, investigate, discuss, think critically and plan through a wide range of adult planned and child initiated activities indoors and outdoors.

*ensure planning is line with the EYFS curriculum and is flexible in order to respond to individual needs and interests.

*identify and support the children who require extra support in order to learn and contact the relevant professionals.

*observe the children within their play and collect learning evidence within their learning diary.
