1. National figures for 2013 are based on final data and only include results for pupils with a valid result for every Early Learning Goal.
2. National outcomes are drawn from all English providers of state-funded early years education (including academies and free schools), private, voluntary and independent (PVI) sectors that are within the scope of the EYFSP data collection.
3. Calculations of percentages are based upon the number of results, not the number of pupils in the group.
4. Percentages may not add up to 100 due to rounding.
5. The 'At Least Expected' column is based upon 'Emerging' or 'Exceeding' grades.
6. Please note that unlike the School Report, pupils who have an 'A' grade or missing result are not included in the percentage calculations.
