

WRINGTON CofE PRIMARY SCHOOL

Dear Parents,

EMERGENCY HOT LINE

We are looking to appoint co-ordinators and deputies for the areas below to act on behalf of the school if there is a sudden closure.

You will be the contact point for any parent living in the areas listed below if they are unable to access the website or listen to local radio. **You** will not have to make any phone calls just receive them, firstly from a member of school staff and secondly from any parent unable to find the school closure information. It is very rare that we close the school and this contact list will only be used in an emergency if all other methods of contact fail!

If you feel you would be able to help please complete the details below giving the best number (i.e land line or mobile and which area you live in) for parents to be able to contact you on. Please note that parents will **not** contact you regarding any other school queries, if they do let me know!

Name:..... **Area:** (A, B, F1 etc)
